The American Guild of Organists, Toledo Chapter

Dean's Message

Greetings!

Spring has arrived. The hope and new life that Easter gives has invigorates us and promises to sustain us throughout the year. And, with the promise of renewal we look to the future.

Some of us now are putting the finishing touches on the end of the "choir year" and are already thinking about plans for the summer and beyond. It can feel like we organists/church musicians are always planning, practicing and moving from one event to the next. So, I hope that you will be able to make some time for some well-deserved rest and relaxation in the months ahead. And, I hope that you will also be able to plan for some rejuvenation by engaging in some continuing education/professional development.

The possibilities are endless. Pick some new repertoire to learn or some old gems to relearn. Attend concerts and reading sessions and pick up new ideas. Attend other worship services to listen and evaluate what you hear and use it. Take some lessons or get together with another colleague and collaborate on a project or garner new ideas. Attend a conference.

(By the way, have you considered attending the AGO regional in Youngstown in early July? It looks to be a great event, and it's not too late to register!)

Soon we will begin planning for our 2017-2018 program year. If you have suggestions or ideas that you would like to see our chapter consider, please communicate those thoughts with one of our officers. It is a large task to plan, coordinate and present a balanced program that offers a variety of worthwhile and appealing events, but it is rewarding and beneficial to all when it happens. And, we need your input and willingness to help make it happen. So, send us your thoughts and be willing to support our events through your participation.

We will be having our annual banquet soon, so watch for information on that in the newsletter. I hope you will be able to join us.

By the time you receive this, our chapter's guest artist recital (Yun Kim) will have happened. I know that it will be a wonderful concert, and I hope that it was an inspiring event for you. Many thanks to Dennis Johns, our Sub-Dean, for making the arrangements! And thank you to St. Joseph Catholic Church of Sylvania for hosting the recital!

God bless!

TOLEDO AGO SPRING BANQUET

Our final event of the year will be at the home of Denise and Mark Mathias on Friday, June 2. You are invited to join us there at 6:00pm for fellowship, food and some entertainment. The chapter will provide the entrée, beverages and table service. You are asked to bring a dish to share (vegetable, salad or desert), and we

will eat at 6:30pm. If the weather cooperates, we will have some tables set up outside in addition to seating inside. After dinner, there will be time for fellowship and musical entertainment. Watch for further announcements about the details.

Address: 3930 Grandview Court; located in South Toledo near the Glendale entrance to Swan Creek Metropark. Turn south onto Park Forest (from Glendale); it will curve around a few times. Grandview is the 2nd street to the right (coming from Glendale). The Mathias home is on the corner of Park Forest and Grandview. If you get to end of Park Forest (it ends at Kimberton), you've gone a little too far.

WELCOMING THE “NEW KID ON THE BLOCK”

Some folks may have heard that the Catholic parish of *Our Lady of Lourdes* on West Hill Avenue in Toledo dedicated their new church at the vigil of the Fourth Sunday of Lent on March 25th. What you may not know is that the new church houses the latest addition to our pipe organ “collection” here in the Toledo area. A pipe organ built in 1976 by Schantz has found a new home there! The organ was installed originally in a Lutheran church in New Jersey and served well there until the church closed a couple of years ago.

Through the assistance of the Muller Organ Company the organ was moved to Ohio and put into storage until the new church was built. Through collaborative consultation, the architect was able to design the new church to accommodate the organ so that it speaks to best advantage in the worship space. The organ consists of twenty ranks of pipes spread across two manual divisions and pedal. The Muller firm also reinstalled the instrument and did the tonal finishing. The Music Director of the parish is Sr. Ritamarie Miller.

We congratulate the parish on their foresight to include a pipe organ in their new church! Garrett Law, Cleveland Institute of Music student and former Toledo Chapter scholarship winner/student will play a dedicatory program on the organ on July 21st. More information on that will be forthcoming.

The organ’s stoplist is as follows:

GREAT	POSITIV (enclosed)	PEDAL
8’ Principal	8’ Spitzflöte	16’ Subbass
8’ Holzflöte	8’ Spitzflöte Celeste	8’ Principal
4’ Octave	4’ Koppelflöte	8’ Rohrbaßdon
2’ Principal	2’ Weitprincipal	4’ Choral Bass
IV Fourniture	1 1/3 Quinte	II Rauschquinte
8’ Trompete	8’ Krummhorn	16’ Trumpet
Chimes	Tremulant

Toledo Chapter AGO

2017-2018

The possibilities of program ideas are many and various factors (cost, availability of presenters and venues, recent programs, appeal) guide our board in determining what programs we will offer. Is there a program that we have offered in the past that was successful that you would like us to consider? Do you have suggestions of possible organs/churches that might be a possibility for us to consider that we have not recently used? Is there a subject/topic that you think would appeal to our membership or that would be an outreach to our community? Have you seen or know of other program ideas that other chapters have offered that have been successful?

I know that one idea that we will consider is a choral festival. We were not able to offer it this past March due to low registration, but we will be considering it again with Bradley Pierson of UT as our clinician. Brad is open to offering it again and using the same repertoire that we had planned to use. I am hoping that if we offer it in the fall and begin publicizing it soon, we can make it happen.

So please share your ideas with a board member. We would like to hear from you--many of you!

—Mark Mathias, Dean
